

## RESOLUTION 16 -10

### **Resolution Supporting the Labeling of Food Grown with Bio-Solids**

WHEREAS municipalities and industries are allowed to recycle their toxic wastes for crop productions, compost and fertilizer; and

WHEREAS municipal wastes contain thousands of contaminants and numerous pathogens even after treatment; and

WHEREAS the USEPA has only ruled on human risk allowable limits for a few hundred of the chemicals; and

WHEREAS toxins from these wastes on compost and fertilizer are taken up by plants and animal products commercially sold; and

WHEREAS the public has a right to know that they are purchasing for their own protection

THEREFORE BE IT RESOLVED that Clallam County Democrats urge state-level representatives to support the labeling of

- Whole foods and food ingredients grown in toxic sewage sludge-laden compost fertilizer
- Compost & fertilizer containing toxic sewage sludge

*Passed at the Clallam County Democratic Party Convention on 5/1/2016*
